About Us

Intercapital Markets (ICM) is a Bulgarian, boutique brokerage company. We strive to offer quality investment brokerage and financial advisory services. The company was started in 2001 by Mr. Nicolay Mayster. In 2003 Intercapital Markets obtained a license for investment brokerage services in Bulgaria and abroad from the Bulgarian Financial Supervision Commission. The company is a member of the Bulgarian Stock Exchange - Sofia and the Warsaw Stock Exchange. In Bulgaria the company is also a clearing member of the Central Securities Depository. We also have a growing network of counterparties and trading partners. With more than a decade in operations behind us, we have developed a strong expertise in our main businesses. We trade as agents in financial instruments, delivering trade execution services across a range of geographical locations, asset classes and venues. We provide personalised investment and financial advice to corporate and individual clients.

What is ICM Money?

IC Markets money is an investment platform dedicated to empowering individuals to financial goals through personalized solutions. This project launch in 10 May, 2024. They offer a range of investment packages with profit multipliers from 3x to 3.5x, catering to different objectives. Additionally, they feature an engaging lottery system where users can win exclusive prizes by purchasing tickets. With a focus on secure investments and transparent operations, IC Markets Money aims to provide a trustworthy environment for users to grow their funds.

Our Mission

Intercapital Markets Money mission is to create the best trading experience for retail and institutional clients, enabling traders to focus more on their trading and bringing together the world's crypto investors and traders by providing basic infrastructure services.
